Please read all the instructions before you click on the test link.

How to access the test?

1. Click on the test link given at the end of this mail. Enter your registered email ID and click on confirm option.
2. Once you confirm, you will receive an exam link to your registered email from the "Quilgo" Vidyadhan Scholastic Test.
3. Click on "Open the form" from the above email at the scheduled time. DO NOT click on it before the scheduled start time. You will not be able to proceed if you start early.
4. Click on "Provide access to camera".
5. Click on "Submit" 2 minutes before the end time. Otherwise, it will not be considered.

Guidelines for taking the online test

1. The test will be multiple-choice questions of a duration of 60 min. The question paper will be available in English and the local language.
2. You can write the test either on mobile or laptop. Ensure there is enough bandwidth available on your device with good connectivity.
3. This test is video-enabled, and it records your positions while writing the test. Ensure the camera is functioning on your device; otherwise, you will not be able to proceed with the test.
4. If you are attending the test through your mobile, please fix your mobile in a fixed place; otherwise, your face presence will be missed out.
5. Please adhere to the following to ensure that your test score will be registered.
 - Do not talk to others and don't attend calls during the exam. Your face should be within 1 or 1.5 feet from the screen and be visible at all times.
 - You cannot leave your chair until the test is completed. While writing the test, don't try to search for answers using google.
 - Ensure that nobody is in the room while you take the test. If the camera detects two faces in front of the device, you will not be considered for further steps.
 - Do not use a calculator on the phone or otherwise. You can use pen and paper for rough work.

Please do not change the test screen or visit other sites during the test. Doing so will lead to disqualification
